

Plain Cubes

The instructions below assume that you know basic things like mountain fold and valley fold. If not then please refer to [Fascinating Folds](#).

FOLDING UNIT A

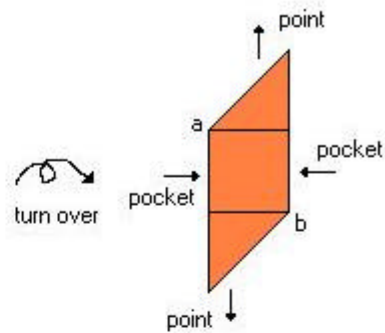

1. Mountain fold and valley fold in thirds as shown

2. Valley fold with white side up

3. Crease as shown

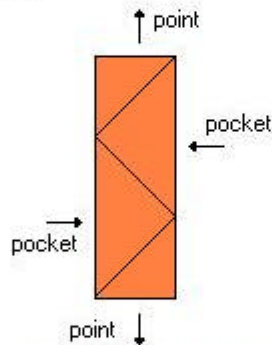

FINISHED UNIT A

FOLDING UNIT B

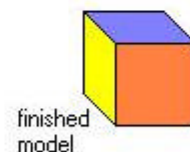

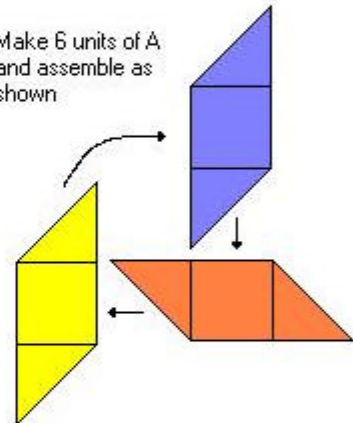

Start from step 3 above. Make the new valley crease. Then open all diagonal creases.

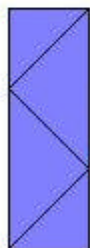

FINISHED UNIT B

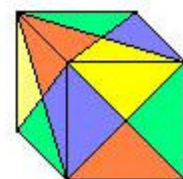

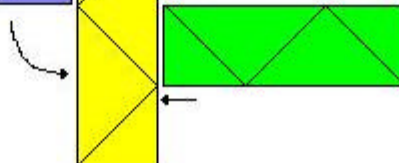

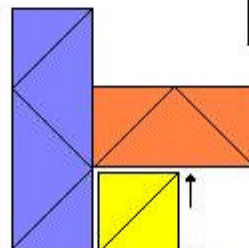

Make 6 units of A and assemble as shown

finished model

Make 12 units of B and assemble as shown.
